

We have put together a list of possible activities for pupils (and parents/carers) to help keep everyone amused during the (possible) long weeks ahead.

Most of the games/activities in the list are used regularly in school across a variety of subjects.

Most of the games have different levels of difficulty (beginner, intermediate and advanced).

All of the links can be copied and pasted into your web browser, Internet Explorer, Edge, Firefox and Google Chrome.

### Typing Games

These games are great for helping pupils to get their typing speed up. They are very competitive and can be played across a range of devices. There is no need to create an account on any of the sites they are all free.

<https://www.coolmathgames.com/>

Ducksters has a lot of maths games but also games and activities relating to other subjects.

<https://www.ducksters.com>

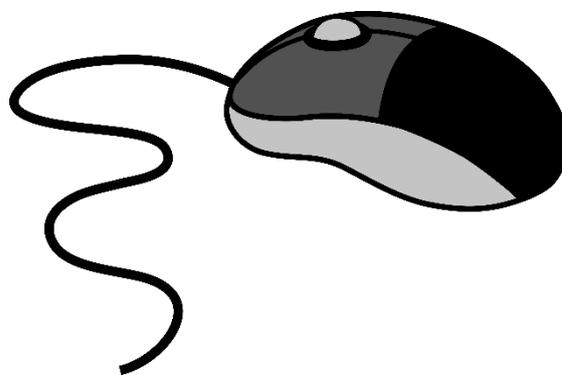

## Mouse Control

Great sites to help pupils increase their mouse control skills.

<http://thedogpaddler.com/RandomUploads/Ball/ball.htm>

## Jigsaw Planet

<https://www.jigsawplanet.com/>

This is a great site for pupils. They have the chance to open an account (free) and upload their own pictures to the site. They can then use their picture to make jigsaws of their friends, family or favourite things.
